

UNIVERSITY OF WINNIPEG

Rhetoric 1105-(3) 021

The following assignments account for 25% of final grade.

Final group folders due March 16, 2015 (all five (5) assignment are to be submitted by each group in an 8x12 folder)

Situation 4: City of Winnipeg Streets/Road Snow Clearing

The City of Winnipeg each winter removes snow from city streets and sidewalks. The city owns, operates and staffs some city snow removal equipment and also subcontracts part of the city snow removal to private companies.

Within this current year of snow removal the city of Winnipeg is receiving and abnormal number of complaints from home owners that the snow clearing operators are breaking residential curbs while clearing snow. There is not any one area of the city where most of the curbs are being broken. (discuss)

Job Description for City of Winnipeg Job opening: Quality Inspector Of Snow Clearing (Seasonal job)

The incumbent must have a clean driving record, work seasonally, and have good eye site and a cellular phone.

Job tasks include:

- Driving around and inspecting the city streets for completion of snow removal within acceptable time parameters.
- Writing detailed reports with word perfect that are forwarded to city staff for review.
- Inspect snow removal complaints by driving to the complaint location.
